From the Blue Robin cut:

7 - 6 1/2" x 8 1/2" rectangles

From the Dk Blue Robin cut:

6 - 6 1/2" x 8 1/2" rectangles

7 - 2 1/2" x WOF (binding)

Directions

Prior to starting this project, please check our web site for any updates: www.clothworks.com.

Basket Block - Finished Size: 22" x 28"

1. Randomly choose five different 2 1/2" x WOF strips from the group of fabrics at the top of the cutting list (White Flower Dot, Brown Flower Dot etc). Sew the five strips together into a strip set. Repeat to make eight strip sets. Cut these into one hundred-two, 2 1/2" sections.
2. Randomly choose five strip set sections from step 1 and three 6 1/2" x 8 1/2" rectangles. From three of the strip set sections remove two of the squares so you have a three square section. Set the two squares aside for now; you will use some of them in a later step. Sew the three square sections to a short end of the three rectangles, press. Referring to the diagram, sew the units you just completed along with the remaining two 5 square strip sets and sew together, press. This creates the left side of your block. Diag 1
3. Randomly choose five strip set sections from step 1 and two 6 1/2" x 8 1/2" rectangles. Remove two of the squares from three of the strip set sections and set aside. Sew one of these sections to one of the short ends of one rectangle and the remaining two to both short ends of the other rectangle, press. From the pile you have set aside, choose one square and sew it to one of the 5 square sections so you now have a 6 square. Referring to the diagram, sew the units you just completed to create the middle section of your block. Diag 2
4. Randomly choose seven strip set sections from step 1 and two 6 1/2" x 8 1/2" rectangles. Remove two of the squares from three of the strip set sections and set aside. Sew one of these sections to one of the short ends of one rectangle and the remaining two to both short ends of the other rectangle, press. From the pile you have set aside, choose one square and sew it to one of the 5 square sections so you now have a 6 square. Repeat to make two six square sections. Referring to the diagram, sew the units you just completed to create the right section of your block. Diag 3
5. Sew the units from steps 2 through 4 together as shown in the diagram. Repeat to make six blocks. Diag 4

Putting It Together

1. Layout the completed blocks into 3 rows of two blocks per row. In the middle row, rotate the blocks so they are "upside down". Sew the blocks together into rows pressing the rows in opposite directions. Sew the rows together, press.
2. Layer quilt top, batting and backing and quilt as desired. Add binding to the quilt.
